I Read the following passage about Jim's trip with his father to his favourite shop.

Answer the questions that follow : (1x5=5)

It was a warm spring morning. Jim woke up in a good mood because he was going to the nursery with his father. Jim loved gardening, and Mr. Ito's nursery was one of his favourite places.

The flowers and shrubs at the nursery were already in full bloom. There were yellow daffodils and purple tulips. After a long, cold winter, the bright green of the new leaves on the trees cheered Jim up.

His father said, 'Let's go and do some shopping'. Jim pushed the shopping trolley while his father piled the things into it. They bought a bag of potting soil, petunias, geraniums, ferns and flowers. They also bought fertilizer. They bought vegetable seeds for their garden : radish , carrots, courgette and beetroot. They bought trays of young tomato plants and lettuce. "Are you sure you should get lettuce?" Jim asked his father, 'Remember how the worms ate them last year?'

His father replied, 'I'm going to spread sawdust this year. I heard, that keeps the worms away.' After Jim and his father had filled their trolley, they parked it in the shade and strolled around the nursery looking at all the shrubs and trees.

They paid for everything, drove home and spent the rest of the day working in the garden. Jim was tired when he went to bed, but he was happy and the garden looked great. He couldn't wait to eat the vegetables.
